

2024

PALLIATIVE CARE SHOWCASE

**INTERPROFESSIONAL PALLIATIVE CARE:
ADVANCING EDUCATION, PRACTICE AND
RESEARCH**

November 19, 2024

Welcome to the College of Nursing Palliative Care Showcase

Dr. Kathleen Lindell

Ph.D., RN, ATSF, FAAN

College of Nursing Associate Professor

Mary Swain Endowed Chair in Palliative Care Health

I would like to extend a warm Lowcountry welcome to our 3rd Annual 2024 Palliative Care Showcase. The focus of the showcase is to share the great work that is being done in palliative care and advance our knowledge to improve the care of those with serious illness and their caregivers.

The focus of this year's showcase is Interprofessional Palliative Care, and we are excited to hear from our MUSC palliative care leaders across the health system and university about program updates. Our Keynote lecture will be provided by Dr. Cara McDermott from Duke University on Interdisciplinary Palliative Care in Multimorbidity: Medications, Money, and Making a Difference. New this year, our poster session and reception will be held in person, so please be sure to visit the posters to learn more about the great work being done here.

Keynote Speaker

Cara L. McDermott

PharmD, Ph.D., MSc

Assistant Professor in Medicine,

Division of Geriatrics

Duke University School of Medicine

For those of you in person and those virtually, we welcome you and thank you for attending today's showcase. We highly encourage you to please look across the room (or screen) and see whose work might be a good fit for a potential collaboration.

Thank you,

Kathy
